Our Price List

Funeralcare

The cost of a funeral is made up of two parts:

1. The funeral provider's costs. These are the costs of professional services and any products and services chosen by you to create the best goodbye.
2. Third party costs. These costs are additional costs paid to third parties for services not provided by us, such as church fees, cremation fees, burial fees and officiant's fees. As such, we have no control over these costs but are required to pay these costs on your behalf.

International Repatriation

Our Repatriation team can offer guidance, advice and support to anyone who needs to bring a loved one who has died back to the UK or take them abroad. We also provide funeral services abroad without a repatriation.
Repatriation services will include extra charges in addition to standard funeral fees. Ask us for more information.

You'll need to pay at least half the total estimated cost within 48 hours of making the funeral arrangements. To provide the right support and guidance, we may conduct a soft credit check which will determine when the remaining balance is due. You may be asked to pay in full before the funeral takes place or we'll send you an invoice after the funeral, which needs to be paid within 21 days. If you've arranged a Direct Cremation or Direct Burial, you'll need to pay in full within two working days of making the arrangements.

An estimate of costs will always be given. Copies of this price list are available upon request. Separate price lists available for flowers, stationery and favours, memorial and remembrance items and headstone memorials.

Our price list and terms and conditions are in line with the National Association of Funeral Directors' Code of Practice.

Another idea for a personal touch is to add a cherished item to any of the floral arrangements in our brochure, such as an item of clothing or a photograph. This is a cost-effective way of creating a truly personal tribute. An example of this is the above Walking Boots arrangement.

If you have any questions or just want to talk to us about what's possible for flowers, please contact your Funeral Arranger or Funeral Director. You can find the telephone number of your local Co-op Funeralcare online at **coop.co.uk/funeral-directors**

Our Price List

Funeralcare

The cost of a funeral is made up of two parts:

1. The funeral provider's costs. Our services are provided free of charge for children up to and including the age of 17. This includes the provision of a coffin and our professional services (including a hearse or other suitable funeral vehicle and limousine).
2. Third party costs. These costs are additional costs paid to third parties for services not provided by us, such as church fees and officiant's fees. As such, we have no control over these costs but are required to pay these costs on your behalf. Some third party fees, such as cremation or burial fees may also be provided free of charge.

1. Co-op Costs - Children's Funeral Service

Third Party Fees and additional products and services

Burial and cremation fees

If you live in England, Scotland or Wales your local authority* will not charge for a standard child's burial or cremation of a child under the age of 18, but this might not include the cost of the grave.

If you need to pay for any third party fees, and/or you choose any additional products and services which are not included in our free service, you'll need to pay at least half the total estimated cost within 48 hours of making the arrangements.

To provide the right support and guidance, we may conduct a soft credit check which will determine when the remaining balance is due. You may be asked to pay in full before the funeral takes place or we'll send you an invoice after the funeral, which needs to be paid within 21 days.

How to pay

You can pay online (final invoice only) or at your chosen funeral home by cash, credit card or debit card. We also accept payments via BACS transfers from banks or the Post Office (if you bank with them).

Help with paying for a funeral

If you're worried about how you'll pay for any third party fees or additional products and services you've chosen, please tell us as soon as possible. We can help you explore your options and find the right kind of support for you.

Funeral Safe

If you'd rather pay in monthly payments, you might be able to apply for a funeral loan through our partner Funeral Safe. You'll find all the information you need on loan amounts, repayments and details on how to apply at **funeral.loans.funeralsafe.co.uk/coopfuneralcare**

Government support

You may be able to get government support* to help cover the costs, and we'd be more than happy to show you how to make a claim. To find out more about government support, go to **gov.uk/funeral-payments** or visit our website at **coop.co.uk/funeralcostsupport**

Children's Funeral Fund for England

For children's funerals in England, The Children's Funeral Fund (CFF) for England may help to pay for some of the fees charged for a cremation or burial* of a child under the age of 18 or stillborn after the 24th week of pregnancy. If you need to apply for this funding, we'll do this for you.

If you want to choose a different coffin to the ones included for free in our Children's Funeral Service, if you live in England, we can claim back the first £300 of the cost from the Children's Funeral Fund for England (CFF) on your behalf and you won't be charged.
